

Carpi e Sorbara

1200 Grape Growers. 100 years. Premium Value Lambrusco.

“Listen. It is a choral song that rises from the fields, it begins at Sorbara, travels to Poggio Rusco and arrives at Valsamoggia. It’s us! 1,200 grape growers that have gathered into a mighty, merry concert. Each of us have brought our own instrument: a nectar we obtained from the energy of the land and the knowledge of ancient traditions. Each of us with our own timbre, rhythm and colour. What makes us contemporary is the passion we have for our work and the joy of touching your heart through a glass.” - Cantina Carpi e Sorbara

For more than a century, Carpi e Sorbara have been producing quality Lambrusco within a cooperative of over 1200 individual grape growers. High quality is matched with a production of three million cases to produce delicious wines at very reasonable prices.

The different vines called Lambrusco as we know them today have arisen from the domestication of *Vitis Silvestris*, which developed over the millennia, from prehistoric times, through natural selection.

At the end of the nineteenth century 56 varieties of Lambrusco red grapes and 27 white grapes were described while a more recent study and census has classified them into 8 qualities.
