

GUNSIGHT

— ROCK —

Gunsight Rock

Wild. Intense. Adventurous.

Gunsight Rock wines highlight the richness and beauty of California's wine country. Wild, intense and adventurous, they evoke the feeling of the sun on your face, the wind at your back, and the view of one of the world's most picturesque wine regions spread out before you.

Paso Robles wine country is centrally located between San Francisco and Los Angeles along California's Central Coast. As one of California's fastest growing wine regions and largest geographic appellation, the territory encompasses more than 26,000 vineyard acres and more than 200 wineries. With a greater day-to-night temperature swing than most other appellations in the Golden State, distinct microclimates, diverse soils and a long growing season, Paso Robles is a unique wine region blessed with optimal growing conditions for producing premium and ultra-premium wines.

Gunsight Rock Cabernet Sauvignon is sourced from the east side of the Paso Robles appellation, where the vines get a lot of sunlight and substantial heat and grow next to an abandoned river bed.
