

Highway 12 Vineyards and Winery

High Quality Value Wines of Sonoma County

Through legendary Sonoma Valley and the famed Carneros District, California Highway 12 is the quintessential Wine Road. Home to dozens of world renowned vineyards and wineries, this region has been the heart of Northern California's Wine Country since the first plantings in 1825.

Long-time friends Michael Sebastiani and Paul Giusto decided to pave their own wine road as stewards of the Highway 12 name. These guys are the “real deal” with three generations of winemaking tradition. With their long term partnerships with premium growers, they continue to produce high quality, value wines from Sonoma County and other California growing regions.
