

# Ptujška Klet: (Pullus, Haložan)

## Ancient Cellars: Clean, Modern Winemaking

*We believe in our wines!*

*Everything we do, everything we create, we do because we believe that only with full commitment, passion and love you can change the world and create with striving for perfection. We believe in the excellence of our wine growing region, we believe in our commitment to excellent wine growers and our exceptional winemaker. Our belief is based on two millenniums of passion and love for wine, which marked the evolution of our lands for ages. This is reflected in each and every glass of Pullus, Haložan and Pinky Chick. In every drop of wine, we have invested at least two drops of sweat. With smile on our faces. Happy. Knowing that we captured pure flavors and scents of terroir, rustling seasons, the genesis of grape varieties, with with our fingerprint healthy into the glass. We believe in ourselves.*

*We believe in our wines. We believe in Pullus. We know why :)*

Ptujška Klet winery cellars have been used for storing and aging wine since 1239. Located under the historic town of Ptuj founded by the Romans, the Ptuj Cellar is one of the oldest in Europe. Above it one can find a state-of-the-art modern winery focused on vinifying fresh, cool climate wines that Štajerska region is famous for. Varieties such as Pinot Grigio, Sauvignon Blanc and Pinot Noir thrive here and produce vibrant, elegant and fruit forward wines. A casual, light blend known as Haložan is a fun local wine often used for wine spritzers, traditionally made by mixing it with sparkling water.
